

GABRIELLE BANIQUED

Fort Washington, MD • 301-751-7970

ollergabrielle@gmail.com • [linkedin.com/in/gbaniqued](https://www.linkedin.com/in/gbaniqued) • gabbley.github.io

A motivated and team-oriented individual with 1 year of professional experience working remotely in an Agile environment and 5 years of leadership experience. Proven ability to work interdepartmentally with significant time and resource constraints. Seeking opportunities in data analysis, UX/UI research, or software development.

EXPERIENCE

JUN 2021 – MAY 2022

DATA ANALYST INTERN, MENTOR COLLECTIVE

- Improved marketing strategies by building live reporting dashboards and writing a summary detailing the most and least effective Email and SMS campaigns.
- Increased work efficiency by teaching the Product Team to query and visualize data without assistance from the Engineering Team.
- Increased accessibility of queries and data visualizations for non-engineers by updating labeling and adding filtering features.
- Interacted with stakeholders to build and fine-tune reporting dashboards according to their evolving specifications and needs.

EDUCATION

AUG 2018 – MAY 2022

BACHELOR OF SCIENCE, UNIVERSITY OF MARYLAND AT COLLEGE PARK

With a Data Science Focus and a Minor in Sustainability Studies

Relevant Coursework: Data Science, Machine Learning, Database Design, Advanced Data Structures, Design and Analysis of Computer Algorithms, Human-Computer Interaction

SKILLS

- Microsoft Excel/Google Sheets
- Data Visualization in Metabase
- SQL
- Data Scraping and Data Cleaning
- Python
- Java

COMMUNITY ENGAGEMENT

MAR 2017 – PRESENT

YOUTH MINISTER AND MISSION VOLUNTEER, COUPLES FOR CHRIST USA

- Spearhead a project to ensure chapters keep up to date with accessibility and child safety standards.
- Organize the return to in-person events by organizing regional conferences and retreats for teen and young adult Catholics.
